

Saint Mary School
Autumn 2011
Physics 20

Text:

Ackroyd, James E., McGuire, Barry L. S., et. al. Physics Pearson Education Canada, Printed and Bound in the United States,2007

Time Line

Graphing and Vectors	September 9
Kinematics	September 23
Dynamics	October 14
Circular Motion, Work and Energy	November 25
Oscillatory Motion and Mechanical Waves	January 13
Review	January 20

Assignments

Assignments will be accepted late with a 10% per day penalty to a maximum of 50% . Absent students must complete all assignments. In any section, all assignments must be completed to qualify the student for a rewrite.

Quizzes

There will be six - eight tests. Rewrites will be given to all qualified students with the best mark being given on up to three occasions. Qualified students will have all the assignments in that section completed. Missed rewrites due incomplete assignments will count towards the total

Labs

Labs are due 5 school days after the lab has been completed in class. Late labs are not accepted. (Absent students must make up the lab time).

Evaluation

Laboratory Write Ups	- 15%
Assignments	- 15%
Tests	- 35%
Final	- 35%
